Special Precautions:

No special precautions are required for this product

6. Handling & Storage

Handling:

Handle and open container with care

When using do not eat or drink

Storage:

Keep in a cool, dry place

Store above 0°C (Avoid freezing)

Avoid fluctuating temperatures

Keep in a cool place away from oxidizing substances

Keep container tightly closed

7. Exposure Controls / Personal Protection.

Engineering controls:

No special requirements

Precautionary measures:

No special precautions are required for this product

Personal protection:

Wear suitable protective clothing (cotton or poly/cotton are recommended)

Exposure Limits:

No information available

8. Stability & reactivity

No known reactions

9. Toxicological Information

No experimental data available

10. Ecological information

Ecotoxicology

This product has not been the subject of ecotoxicological testing but has no known ecotoxicological effects

11. Disposal considerations

Classification:

Dispose in accordance with local regulations

Disposal considerations

This material and its container must be disposed of in a safe way

12. Transport information

Not classified as hazardous for transport

Normally supplied/transported in plastic or polyethylene containers

No special precautions are required for this product

13. Regulatory information:

Classification and labelling:

The data given here is based on current knowledge and experience. This safety Data Sheet describes the product in terms of safety requirements and does not signify any warranty with regard to the products properties.

Not classified as hazardous for supply

To the best of our knowledge, the properties of this material have not been fully evaluated.
